

ELEVATOR SUPPORT UNIT ADAPTER KIT

Paratech's Elevator Support Unit (ESU) safely stabilizes an elevator and prevents it from moving. When deployed, the ESU causes zero to minimal damage to elevator cars and affords rescue teams precious time to extricate passengers and save lives. Two unique rescue base and end Plates form the core components of this system. An Angled Rubber Base attaches to either Rescue Strut and grips the floor, while the Elevator Support Arm attaches to the top of the Rescue Strut and hooks under the elevator car.

Part No.	Description	Quantity
22-796260L	Elevator Support Left Arm	1
22-796260R	Elevator Support Right Arm	1
22-796266	Angled Rubber Base	6
22-000915	Case, ESU Kit	1
