

TACTICAL PRY-AXE

The Pry-Axe is a lightweight, multi-purpose, 'Slam & Ram' tool designed to pry, enlarge openings, cut sheet metal and twist off locks and latches. This efficient tool lets every firefighter force entry, rescue and ventilate without waiting for help. The Pry-Axe is small enough to carry and rugged enough for most jobs.

The Pry-Axe head and claw assemblies are separate sections forged from high alloy steel and heat treated for maximum strength. A molded rubber sleeve over the handle provides a non-slip grip.

THE NEW NAME IN TACTICAL FORCIBLE ENTRY

PARATECH DESIGNS AND MANUFACTURES THE MOST DEPENDABLE AND UNSTOPPABLE TACTICAL FORCIBLE ENTRY TOOLS.
